City Of Gahanna Announces Creekside Public Garage Parking Will Be Free

City suspends the parking fee to encourage use and help local businesses

GAHANNA, Ohio – Today the City of Gahanna announced that it will suspend usage fees for using the public parking garage in the Creekside District beginning May 1, 2010.

As a part of the City's initiative to support local businesses and events, the City determined that at this time, this is the right decision for residents, visitors, businesses and the City. The garage, located in the heart of the Creekside District at 123 Mill St, is a safe and convenient facility that enables parking and access to all that the area has to offer.

"We have received some feedback from the local businesses and residents saying that they would be more likely to use the garage if it was free," said Becky Stinchcomb, Mayor of Gahanna. "We have listened and believe that this is something we can do right now to help promote the area."

Residents and visitors are encouraged to use the garage while enjoying one of the many shops and restaurants in the area or while attending some of the programs and events put on by local organizations and the Parks & Recreation Department.

A list of events that are planned in the Creekside District can be found online:
