

## **GOD'S NOT OUT FOR A WEEK-END DATE**

-

**Verse 1-** We get dressed up to come to church  
all the frills and high heels to make impressions,  
and get compliments. But we think we can't stay long,  
all we need is a prayer and a song  
and we'll be happy Oh no, but we're wrong.

**Chorus-** God's not out for a weekend date.  
We shouldn't like to make him wait but we do,  
I'm talking about me and you.  
All he wants is your heart,  
but we think if we give a little part he'll be happy,  
Oh no; but he's not.

**Verse 2** Can you imagine getting dressed up;  
just to find you've got some time to wait; anticipate;  
That's the way it is with the Lord;  
he shows up right on time, but we're late, oh yea, we're always late.

**Tag-** God's not out for a weekend date.
