

## God Really Cares

Verse 1: If you are whipped with the briars of doubt

And you keep looking for a way out.

Just turn your eyes to God, He really cares.

When troubles come He'll help you through.

He'll lift you up and encourage you.

Just turn your eyes to God, He really cares.

Chorus: God really cares. He cares for you.

When you need a friend, who at the end will guide you safely  
through.

Just look to God and ask Him for peace you've never known. He'll  
give to you a brand new heart, for God really cares.

(hold for tag)

Verse 2: When you are in a valley low,

And despair seems to be your load.

Just turn your eyes to God, He really cares.

And if the way you cannot see,

Just bow your head and make your plea,

To God for you know, He really cares.
