

## **PETER FOUND A REFUGE**

**Verse 1-** Like Peter in the boat as the waves dashed high;  
Jesus was asleep and they thought they would die.  
They said master carest thou not that we should perish?  
Jesus arose and said peace be still.  
The wind obeyed and did his will.  
Peter found a refuge in the midst of the storm.

**Chorus-** Peter found a refuge in the storm.  
Peter found a refuge from all harm.  
He said Lord if it be thee bid me come—  
Peter found a refuge when he walked out  
in the deep though he began to doubt.  
Peter found a refuge in the Lord.

**Verse 2-** When the winds and rain come in your storm.  
Just look to God and he will sail  
along with you and get you through your storm.  
Just hold on tight and trust the Lord;  
No time to doubt-- believe his word  
and he'll sail with you right on through your storm.
