

## THE HEART OF GOD

**Verse 1-** As a potter spins a wheel and works the clay in his hands,  
he shapes and he molds it; after his plan;  
If he should mar and find a spot- he puts in back upon his wheel;  
that's what Jesus does to me each time I fall.

**Chorus** The Heart of God is filled with compassion.  
He sees something in me that others don't see;  
He puts me back upon His wheel and fixes my vessel;  
He will mold me into, what he wants me to be.

**Verse 2-** So many times I slip and fall and I dishonor Him;  
He picks me up and comforts me and puts me back on His wheel;  
That's when He speaks and breaks the clay and molds me back into His way;  
That's when I stop and realize I'm in the potters hand.

Chorus twice

Tag: He will mold me into He will change my life thru  
He will make something new of what He wants me to be.
