

## **True Friends**

**Verse 1-** Greater love hath no man than he would lay down his life for his friends.  
Jesus said that we should love one another.  
These things he hath spoken to you, so your joy may remain full;  
If you'll abide in him; He'll abide in you.

**Chorus-** True friends- cannot be found. True friends- won't let you down  
True friends- will turn your life around True friends- cannot be found  
True friends- won't let you down  
Jesus is a friend and he will be a friend to you.

**Verse 2-** Friendship with God is like no other; we must help take care of our brother;  
We should watch and care what happens to him.  
If we can lift him up each day, he will befriend you come what may;  
And you can witness and win him to the Lord.
