

## What's Wrong With Loving Jesus

VS-1: In this day we live in we see many awful things.

People making fun of you for saying you belong to a king.

They laugh at serving Jesus or bringing your Bible to church.

But one day soon before too long they'll wish they had too.

Chorus:       What's wrong with loving Jesus?

                  What's wrong with helping a man?

                  What's wrong with reading your Bible?

                  What's wrong with raising your hand?

                  What's wrong with singing the gospel?

                  What's wrong with telling the truth?

VS-2: On that resurrection morning when our loved ones come from sleep,

                  We'll be caught up in the air and together we will meet.

                  Those who are left behind that day for sure are gonna grieve,

                  They'll wish that they had served the Lord, and kneel at His feet.
