

Texas Energy Group Announces Participation in the Beauchamp #1 Well Located in Goliad County, Texas

Texas Energy Group, LLC (TEG) would like to formally announce their participation in the Beauchamp #1 well, located in Goliad County, Texas.

For Immediate Release

Austin, TX January 13, 2011 – Texas Energy Group, LLC. (TEG) announced today its participation in the Beauchamp #1 well located in northern Goliad County, Texas. The well was drilled a few months ago to a depth of approximately 9,200 feet and has now been fracture stimulated and is on line selling gas and oil. Post frac production over the last few days in December averaged approximately 1.8 million cubic feet per day of natural gas and 58 BOPD.

“We are incredibly pleased with the results of the well itself and the post frac daily rates,” said Waylan Johnson, President of Texas Energy Group, LLC. He further stated, “Our Management team and consultants have significant activities and connections within the industry and specifically in the Texas Upper Gulf Coast. As a result of the foregoing, we often get the opportunity to participate in high quality exploration wells, such as this, for TEG and its Partners.”

Other Texas independent oil and gas companies which have interests in this project are: Hurd Enterprises, Gulf Coast Midwest and Resaca Resources, LLC.
