Web Team

New Team!!! Our website is very often the 'first impression' of our fellowship for new residents looking for a church. Keeping the content up to date, getting info from ministries, assessing content, and regularly evaluating to increase effectiveness are absolutely necessary to make the most of our investment.

Youth Ministry Team

One of the main purposes of the church's youth ministry is to partner with middle school and high school students as they journey through their preteen and teenage years. To help youth grow in their Christian life and to introduce Christ to those that do not know Him. The church desires to help create a place where students can feel comfortable being and expressing themselves, where they can work through and overcome the problems they confront, and where they can take advantage of exciting opportunities before them. In small groups, students can gain a sense of belonging, deepen relationships with each other and their families, and grow spiritually through Bible study, discussion, prayer, and fellowship.
