August 2011

## Testimonies

When you attended our church in June, 2011, I was going through a pretty rough time with my stomach. August 2010 is when the pain started. I had gone to several doctors, in and out of the ER plenty of times, and they couldn't figure out what was wrong with me. I was given painkillers to stop the pain, I was put on anti depressants, but the pain would not subside. I lost about 18 pounds because I wasn't able to eat due to the pain. I was excited to hear you were coming to our church. After you prayed for me, the pain stopped. I haven't had a stomach ache since you prayed. I am so thankful to God that he sent you!

For the last four years I have been in pain from a fractured spine. The doctors said there was nothing else to do except surgery with no promises, but I did not want that. After being

Spirit filled I wanted to believe I was healed by Jesus' stripes, but at times I still had doubts. When Marilyn laid hands on me, I felt the healing power come over me and all the pain left, and is still gone. I am healed!

I was in the healing line when Marilyn was praying. She prayed for me and before I left church, I felt the change in my body and the pain left. I don't need this cane any more!

I just wanted to say thank you for last night's prayer service. My husband I attended Wednesday night service for the first time and I believe it was God's will for us to be there. I have had Juvenile diabetes for 20 years and Marilyn's testimony and message was so powerful and captivating and especially encouraging. I eagerly and expectantly believe I have received my healing from Jesus and want to thank you, Grace Church for the powerful meeting that took place last night.

## Ministry of Helps Seminar

Marilyn's presentation of what I need to know as a HELPS volunteer was riveting. I have been involved in HELPS for over 11 years and now understand that the job I'm supposed to be doing is based on Scripture, not the "traditions of

men". Her application of the Word and her personal HELPS testimonies touched my heart and will make me better at what I do in the Ministry of Helps. Rich

Thank you so much for coming to our church and teaching on the Ministry of Helps. As always we all enjoyed it very much. You are a blessing and your knowledge of the Word, personal experience and insight into the Ministry is a big learning lesson for us all. The week before you came I only had a few hours of sleep, but I got so energized during the seminar. I am looking forward to the end of August when you come for Healing School. Desiree
