

## Distributors of Electrical Equipment, Supplies and Solutions

Connexion is a full service distributor of electrical equipment and supplies servicing the electrical contracting, commercial, datacomm, industrial, OEM, and energy services markets.

Connexion's offering consists of a wide variety of electrical, lighting, and datacomm products from the leading manufacturers in the electrical industry. In addition, we make available a vast array of services that are designed to help save our client's labor and energy, reduce cost in the supply chain, and make for a safer environment.

Each Connexion associate is trained to bring critical skills and experience to their job and is complimented by a large, centrally stocked inventory. We pride ourselves on being accessible, flexible, creative, and overly responsive to your needs. You can count on us to provide fast and accurate answers to your questions and technical inquiries. Our state of the art technology platform enables us to perform consistently and accurately while giving you real time access to orders, deliveries, and project statuses.
