Happy Thanksgiving

Special Topic This Month:
Utilizing our Specialties to Give Back to the Community & How You Can Help

What did the Pilgrims drink with dinner? *They most likely weren't drinking a cup of water...*

The pilgrims arrived at Plymouth Rock in 1620. Even these early settlers knew that water was essential to health. However, there was one major problem: Water could make them sick. Water carried various diseases and contaminants. This Thanksgiving, we are thankful to provide clean, healthy water to safely quench thirst throughout the Lakes Region. Times have changed over the last 390 years, and fortunately water quality has changed too.

On October 3rd, 2010, we were honored to provide fresh, on-site filtered water for everyone who came to the 23rd Annual Chowderfest in Meredith. Thursty Water tied into Meredith's town water, installed a filtration system, and poured clean, pure water into every cup.

Chowderfest raised funds for the Lakes Region Conservation Trust, and was a great success! Events like this and great people like you are the reason why we enjoy working in the community.

Congratulations to the **Christmas Island Steakhouse** of Laconia, NH for winning the Best Chowder!

Fall and Winter Seasonal Reminders

Home Winterizations: If you are considering closing down your home for the winter months, please contact our office. We will work with you to schedule your winterization on the day that you leave, or at your convenience. Our licensed technicians work to ensure that all proper steps are taken to close down your home. We keep your information on file for reference as we start up your home in the spring. Remember, proper winterization of your seasonal home will help prevent issues as you return next year!

Scheduling Your Annual Burner Service: Remember to have your burner serviced annually to maintain efficiency and safety in your home. Our Burner Services include the cleaning, nozzle, electrodes & fuel filter; a report of your burner efficiency results; annual reminders to schedule your next service; and your records will be kept on file. Our technicians use a 16-point checklist to ensure quality workmanship that you can trust.
