Homemade Halloween Costume Ideas Made from Recycled Plastic Bottles

Are you looking for a homemade Halloween costume idea for the kids? Why not put old plastic water bottles to good use? Since we bet you're not buying bottled water anymore, look for old ones lurking in the back of your cupboards or try asking friends and family.

We came across an article with five great DIY costume ideas that will save bottles from the landfill, especially since you can recycle them when you're finished. Parade as a Plastic Queen, or dive into Halloween with your Scuba Gear. [Check it out!](#)

In the Community: Support Our Local Troops in the Annual Troop Holiday Box Drive

The Wolfeboro Area Armed Forces Support Group (WAAFSG) will be holding their annual Troop Holiday Box Drive starting Monday October 17th to Thursday November 17th.

CONTACT US

Website www.thurstywater.com
Email thurstywater@metrocast.net

Items needed for donation include small LED flash lights, hand held games, packages of playing cards, sports magazines, holiday decorations, books, unscented baby wipes, trial size shampoo, deoderant, toothpaste, toothbrushes, Holiday candy, trail mix, beef jerky, slim jims, and any additional items you may think of.

We encourage you to drop off your donations at our showroom, off Route 109A in Wolfeboro. All donated items will be gift-wrapped by volunteers, boxed, and shipped to our local military men and women serving in the U.S. and overseas. We thank you in advance for your generosity!

Do you have a family member or know a local community member who is currently serving in the armed forces? If so, please contact the WAAFSG and arrange to have them receive a box this Holiday Season.

WATER TRIVIA

Be the first to answer this month's trivia question correctly for a chance to win a Thursty Water prize! Send your answers to thurstywater@metrocast.net. We will notify the winner on October 31, 2011.

Q: How long has Thursty Water Systems been at the Showroom on 109A?

September's Q: What two elements are present in hard water?

Answer: Calcium & Manganese

Thank you to all who submitted answers. We appreciate your participation!

Planning to Winterize Your Home?

If you are considering closing down your home or camp for the winter months, please contact our office to schedule your home closing in advance. We will work with you to schedule your winterization on the day that you leave, or at your convenience.

Remember, proper winterization of your seasonal home will help prevent issues as you return next year. Our licensed technicians work to ensure that all proper steps are taken to close down your home. We keep your information on file for reference as we start up your home in the spring.

To all of our seasonal customers, we will miss you! We hope you have a great winter and we look forward to seeing you again in the spring.

Contact our office today to schedule your home closing in advance, and maintain peace of mind over the winter months.

Quick Tip to Prevent Leaks!

Before the winter arrives, we recommend that you take the hose off of the sillcock outside your house. This will prevent it from freezing, and will decrease the chance that you'll have a leak when you want to use the hose next spring.

Prevent Copper Theft with Home Checks

In the last two years, commodity prices for copper have more than doubled. With this substantial increase in value, the theft of copper from phone lines, electrical substations, highway infrastructure and **residential homes** has grown exponentially, according to the Coalition Against Copper Theft. The Coalition reports that a conservative estimate by the Department of Energy indicates copper wire theft costs our nation almost \$1 billion

per year.

If you are planning to winterize your home this season, or perhaps take a vacation, you may be interested in learning how to prevent copper theft in your home while you're away. At Thursty Water Systems, we offer Home Checks to ensure that your home is safe, secure, and that all systems are working properly, for \$25.00 per Home Check. All Home Checks are scheduled in our routine schedule each month.

Call us today and schedule your Home Checks for this winter season, and relax with peace of mind that your home is secure.

You can also visit www.coppercoalition.com and www.coppertheft.info to access more information regarding copper theft and prevention.

Seasonal Reminder: Schedule Your Burner Service

Annual burner services are crucial to maintaining the efficiency of your burner and the safety of your home. We encourage you to schedule your annual burner service as needed, and decrease the chances of losing heat this winter.

For quality workmanship that you can trust, [contact our office](#) today to schedule your appointment.

Our Burner Services Include:

- Cleaning, Nozzle, Electrodes & Fuel Filter
- Our technicians follow a 16-point checklist to ensure that your burner is always properly serviced.
- A report of your burner efficiency test results
- If you had your burner serviced by Thursty Water Systems last year, we will provide a comparison of your test results with last year's test.
- We keep your information on file for reference in 2012. We will add you to our annual Burner Service Schedule, and provide a courtesy call each year to schedule your next service.

MVSB Can Help Finance Your Water System Install

Meredith Village Savings Bank can help finance your water system. Call for details!
