Water – Electrical – Plumbing – Heating – HVAC

Pumps Tanks Filters Sales Service

April 2010

Vol 2, Issue 4

Spring is Here!

Take advantage of our Spring Zing Special this month

Also, learn how you can help supply our world with clean drinking water

Thank You to our Loyal Customers

Everyone at Thursty Water, Electrical, Plumbing & HVAC would like to thank our loyal customers for your continued business.

We know in these times your new remodel or small projects can be completed by numerous businesses and workers, but we appreciate your decision to work with our company.

Remember, if you use a general contractor for any job in your home, you CAN use your own plumber or electrician.

We are thankful for your business, and we will continue to work hard to provide our customers with 24/7 Emergency Service.

US World Water Day - March 22, 2010

World Water Day was celebrated internationally on March 22, 2010. Organizations and individuals across the world volunteered and donated to improve the living conditions of communities around the world. World Water Day also raises awareness of death and disease caused by unclean drinking water.

"Water affects every aspect of our lives, yet nearly one billion people around the world don't have clean drinking water, and 2.6 billion still lack basic sanitation. World Water Day, celebrated annually on March 22, was established by the United Nations in 1992 and focuses attention on the world's water crisis, as well as the solutions to address it." - waterday.org

April Fun Fact: Mr. Crapper & History of Toilets

You might be interested to know that in the 1800s, Mr. Thomas Crapper was a hard-working plumber and entrepreneur. His many inventions and innovations within the plumbing industry helped to develop the modern day luxury of the toilet. It's no wonder why his name is still referenced today, over two hundred years later.
