Have a Happy & Healthy New Year

From Everyone at Thursty Water Systems Electrical, Plumbing & HVAC

Thursty Water in the Community

Happy New Year!

We would like to thank all of our customers for your continued business and support throughout the year! We wish you all a very happy and healthy 2010!

Thursty Water's Christmas Party

Scott & Barbara Thurston treated their employees at Thursty Water Systems Electrical, Plumbing & HVAC to dinner and dancing at the Wolfeboro Inn's Holiday Party on December 11, 2009.

Realtors - Clients buying and selling?

Realtors: Are you having problems buying and selling? Thursty Water Systems, Electrical, Plumbing & HVAC can provide resolutions to all of your clients' issues.

The New Year has brought us many new customers, and we are excited to know that the economy is starting to come alive! We have already experienced an increase in calls from realtors throughout the Lakes Region, regarding water filtration transactions.

This year, let us help you meet your deadlines! We will gladly schedule and complete work within your time frame to ensure your clients' satisfaction.

How much will you spend in 2010?

Be Water Wise

Most people who decide to purchase bottled water strive to make a long term commitment to provide safe, good tasting water for themselves and their families. Unfortunately, bottled water may not be the best in quality.

Did you know that much of bottled water and mineral water is really bottled municipal tap water? In the United States, it is estimated that municipal water makes up twenty-five to forty percent of the bottled water sold.

Saving \$5.00/day that would normally be spent on bottled water, can save enough money to purchase a whole house water filtration system that will last 10-20 years! Be Water Wise, it's your money and Thursty Water can help.

NEW! Finance Your Water System Install

Clean quality water is essential to life - and now, it can be more affordable, too! Thursty Water Electrical, Plumbing & HVAC has partnered with the Meredith Village Savings Bank to provide all of our customers with the opportunity to finance your water system installation, through the Energy Solution Loan. This program provides financing for home projects that will increase the energy efficiency of your home, including water purification system installations.
