## Water System Maintenance

When was the last time you had maintenance on your water system? If you have a water system and have not scheduled routine maintenance, your water system might not be producing optimum water quality.

Thursty Water Systems provides **service for all water system types**. Call us to schedule your system maintenance to ensure that your system is providing the best possible water quality in your home.

New water system maintenance customers can receive 20% off materials for your next system maintenance. See coupon below for details.

## UV Systems - Lake Water Source Solution

Is **Lake Water** the source of water in your home or summer home?

Many of our customers here in the Lakes Region pull from the lake to provide water in their homes. Lake Water is an adequate water supply, but may also contain contaminants that could affect your health, including bacteria.

We have solutions to remove these contaminants and protect your family's health. Call us today to learn more about how an Ultra Violet System will help to kill bacteria and other contaminants before they enter your water supply.

## Realtors: Provide More Options for your Clients

Are there issues preventing your clients from completing a successful sale? Thursty Water Systems, Electrical, Plumbing & HVAC can provide resolutions to all of your clients' issues.

Let us help to offer your clients options and solutions. We will gladly schedule and complete work within your time frame to ensure your clients' satisfaction.

Stop by our office to receive your **water quality educational packet of information**. This free information will help educate your clients about water quality issues and solutions, and enable you to provide direct answers to their questions.
