

CUSTOM KIT INFORMATION FORM

Please fill out this form and send it in with your custom order.

Name: _____

Address: _____

Phone Numbers: Business/Home _____ Cell _____

Car Make: _____ Model: _____

Year: _____ Car Weight: _____

Wheel Size: _____ Bolt Pattern: _____

Note: We require atleast a 15" rim for most of our Custom Disc Brake Systems. Big Brake Systems require larger!

Note: To measure your bolt pattern see page 26.

Rotor Size: _____ Type of caliper: _____

Note: We offer up to a 14" rotor in our Big Brake Systems. These rotors require rims larger than 15 inches.

Note: We offer single piston calipers or multi-piston calipers.

Front or Rear Steering _____ Diameter of the axle flange: _____

Note: If a car is front steer the steering rod and components are toward the front of the vehicle. If is rear steer the steering components are toward the rear of the vehicle.

Note: This is for Rear Disc Kits. You may need to cut down the axle flange to fit the rotor hat.
