

QUILTS 2023

Woven fabric for front and backing.

OR

Squares of flannel on front OR flannel on backing, but not flannel on both sides.

Size:

Quilts should be 36" wide by 42" - 45" long. Examples for pieced squares:

Charm pack (5" squares, sewn up to 4.5" squares) = 36" x 45."
8 squares across by 10 squares down, no border.

8.5" squares, sewn up to 8" squares plus 2" (cut 2.5") border = 36" x 44."
4 squares across by 5 squares down plus 2" border all around.

6.5" squares sewn up to 6" squares = 36" x 42."
6 squares across by 7 squares down, no border

Premade 36" square panel plus border = 36" x 42 – 44."
For 42", add 3" border (cut 3.5") top and bottom.
For 44", add 4" border (cut 4.5") top and bottom.

QUILTING

Quilts should be stitched $\frac{1}{2}$ " from edge and top stitched 4" to 6" apart to anchor fabric and batting. DO NOT TIE! If using a quilt panel, the design will dictate where stitching is placed but make sure it is sufficient to anchor fabric and batting. Corners may be rounded.

Pillowcase Quilting:

Place batting on flat surface. Place quilt top on batting right side up.

Place quilt lining on top, wrong side up. (Fabric is right sides together.) Pin securely.

Stitch 4 sides with narrow seam leaving an opening approximately 6".

Remove pins. Trim away excess batting.

Turn right sides out through opening. Push corners out. Slip stitch opening closed.

Top stitch as instructed above.
