

2024
Creeper

Sewn on serger

Fabric:

Cotton knit with 20% stretch [3 inch piece will stretch to 4 inches]

Front and back – solid color

Sleeves – may be print and/or jersey with less stretch

Cutting:

Using the pattern:

Cut one front and one back

Cut 2 sleeves

Cut 2 ½ inch ribbing – 1- 10 inch piece for the neck ; 2 -5 inch pieces for sleeves; and 2-12 inch pieces for leg openings.

Cut 2 pieces of iron-on interfacing ¾ inch X 3 inch

Construction:

1. Attach ribbing to neck:

a. Method A

Stitch one shoulder seam.

Fold neck ribbing in half lengthwise and mark center of length

Match center of ribbing to center of neck edge

Sew ribbing to neck edge matching ends and center

Sew other shoulder seam

b. Method B

Stitch both shoulder seams

Stitch short ends of neck ribbing together to make a ring. Fold ribbing in half

Match seam of neck ribbing to center of back and distribute the ribbing evenly around the neck opening and sew.

2. Sleeves

Sew ribbing to straight edge of sleeves

Sew sleeves to armhole edge of front and back, matching center of sleeve to shoulder seam.

3. Side seams

Sew side seams from sleeve ribbing to bottom of garment

4. Leg openings and crotch

Serge the bottom (crotch) edges of the garment, attaching interfacing to the wrong side of the fabric

Fold the edges back, ¾ inch, right sides together

Fold the ribbing pieces in half lengthwise and mark the midpoint

Cut the ends of the ribbing diagonally so the folded edge is pointed

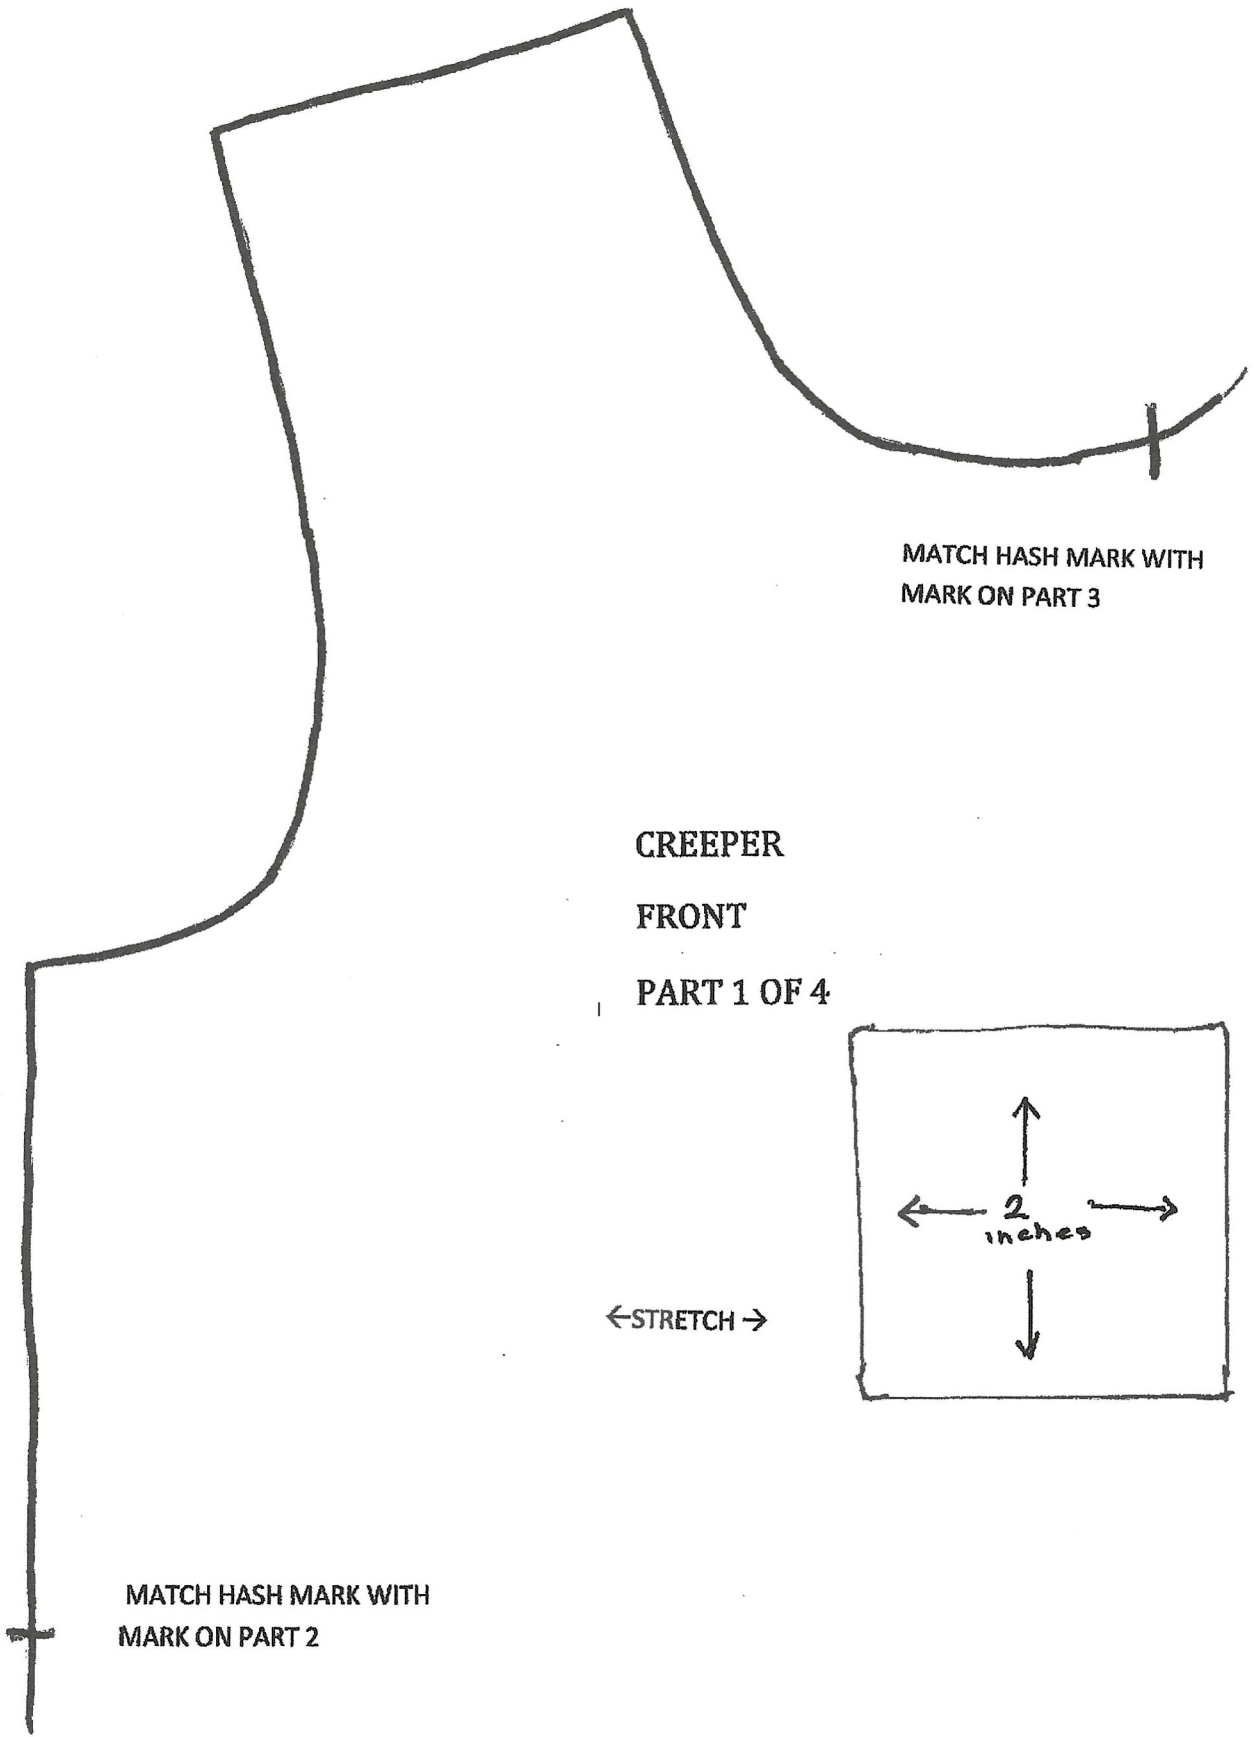

Mark the midpoint of each leg opening (it will not be at the seam)
Match the midpoint of the leg opening and the midpoint of the ribbing
Place the ends of the ribbing under the facing at each end of the leg opening
Serge the ribbing to the leg opening, stretching the ribbing to fit.
Repeat for other side

5. Finish

Turn facing right side out and steam to adhere interfacing
Attach two size 14 snaps to edges, lapping back over front
Secure serger threads. (Fig. 1)
