PRAYING FOR

GARRETT & ALEXIS

Continue to pray for Alexis and Garrett. Garrett is at home recovering, but Alexis is still in the hospital. She has opened her eyes and moved her arms and legs, which are good signs, but she is still sedated to give time for the healing of the head injury. She now has pneumonia and an infection which must be watched closely.

There will be only one turn in date. The information will be attached to the catalogue. We need everyone to help us with this important fundraiser. Thank you for your cooperation.
