Application Instructions

NORMAL CLEANING: Dilute concentrate 10:1 or 15:1 as needed. Spray on let stand for 1 to 3 minutes, agitate severe spots. A thorough rinse should follow.

SUGGESTED USES: Any place that needs a thorough cleaning around the home, office buildings or commercial buildings or equipment.

HEAVY CLEANING: Use full strength or dilute 1:1 as needed. Spray on, let stand for 1 to 3 minutes. Agitate severe spots. A thorough rinse should follow.

SUGGESTED USES: Ramps, engine rooms, parts, oil-soaked ground, oil-stained concrete, barge compartments, fireplace carbon, oil drilling platforms

EXTRA DUTY CLEANING: Scrape off extremely heavy grease build-up. Spray on let stand for 3 to 5 minutes. Agitate severe spots, repeat as needed until area is clean.

SUGGESTED USES: Holding tanks, engines and engine rooms, garage repair stalls, grease traps

STEAM CLEANING OR PRESSURE WASH: A pre-mixed solution can be drawn from auxiliary tube or put directly into mixing tank giving up 1:200 dilution at the nozzle.

SUGGESTED USES: Steam cleaning, hot or cold pressure washing.
