Friday, May 10th

PK Graduation - 9:00

Fish Fry Donation

St. Agnes Fryers hosted 3 fish fries during the Lenten season. These events provided opportunity for the school, parish and local community to gather for fellowship and good food. The proceeds of the event benefit the school.

On Thursday, April 24th, event organizers: Travis Gould, John Songco and Dan Warburton, presented Mrs. Brown with a check for \$3218.66. We are extremely grateful to all the Knights who helped with these events and to those who supported them by their attendance. We are blessed with an amazing village of supporters.

Classroom News.....

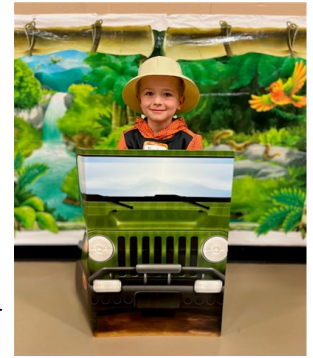

Kindergarten Trip Through Time

Kindergarten students enjoyed the annual Trip Through Time field trip hosted by the Farm and Ranch Museum on the sunny afternoon of April 24th. The students enjoyed stepping back in time and learning about life in the days of old. They discovered more about transportation, making rope, washing clothes and playing games from that era to name a few. It was a great afternoon of fun and learning!

Pre-K & Kindergarten Visitation

St. Agnes hosted upcoming PK and K students for a visitation on the morning of April 30th. The new students enjoyed participating in activities in their classrooms, meeting new friends and playing outside at recess. After the hour and a half visit, most did not want to go home, but the start of a new school year is not far off, and we will look forward to many adventures when we return on August 19th. Space is still available in both of these classrooms if you or someone you know is interested in becoming part of our St. Agnes School family.

Discipleship Friday

The final Discipleship Friday was held on April 26th with a theme of Sent on a Mission. The students enjoyed learning more about evangelization and how they might become Intentional Disciples. They played Snakes & Missionaries in the activity station, sang and danced to *Give a Little Kindness, Give a Little Love Away* in the music station, made a fisher of men project in the art station and enjoyed listening to the Ascherl's aunt, Theresa, tell about her mission experiences as they enjoyed a snack in the snack station. It has been a great year of learning, fun and growing in our faith as we have celebrated being Eucharistic People. May we go forth as intentional Disciples spreading God's word and light to others in the community as we head into summer.

What's Happening at St. Agnes School.....

Kindergarten Class

By Teri Ramirez

It has been a wonderful year full of laughter and learning in kindergarten and I am sad to let my students go. They all deserve a relaxing and fun summer because they worked very hard this year.

I want to thank each child for all the warmth, the memories, and the learning we have shared this school year. This past year we have grown together, and a little bit

of each of my students will always be with me.

To the wonderful parents, I want to thank you for allowing me to be your child's kindergarten teacher. It has been a wonderful and rewarding year, and I will love your child always.

Love,
Mrs. Ramirez & Mrs. Perez

Fourth Grade Class

By Kristie Becker

I can't believe this is my final bulletin and that the year is coming to end. What an amazing year it has been with this special group! I will truly miss them at the end of the year, but am happy I can peek over at them across the hall next year!

We are in the middle of our Oregon Trail Simulation unit and it is the highlight of our classroom right now! The wagons trains are moving along, already facing many challenges. Students have had to decide on witch trail to follow at a fork in the road. Both trails had their own set of fates that students had to choose wisely on. They are learning a lot of decisions require a lot of energy and delays on the journey.

We started a unit on fossils. We recently did a lab where students got to create their own cast and model fossils using plaster of paris, modeling clay, and small animal figures. The students really enjoyed this project!

In religion, we recently acted out small skits that reflect how we can show God's will. I was really impressed with their creativity in their skits . We have also enjoyed doing a rosary with 3rd grade.

Our math unit has slowly introduced harder strategies with fractions, and I am proud of how hard the students have worked on this. They all have different strategies that they relate to the most and are making great strides in math!

We recently learned a new concept in grammar: abstract and concrete nouns. They took to this well! They challenge me each week to create a harder language wall for them, as they love labeling all the different parts of a sentence!

My class is really looking forward to the kickball tournament , Agate Fossil Beds, the talent show, and other end of the year activities!

I thank this class for a fantastic year of learning and growing!
