

To All 2009 North Carolina {06 ICC} Fire Code Users:

2006 ICC FIRE CODE INDEX { 2009 NC FIRE CODE }

This listing of an Index to the 2006 ICC Fire Code {2009 NC Fire Code} was assembled for the use of any Fire Code Official needing a comprehensive index for their 2009 Book.

As this was initially set-up for our own internal use, we offer no out-right guarantee that it is totally complete, or totally accurate. It is believed, however, to be accurate. We are confident that each page number and code reference has been reviewed for accuracy.

All Code Officials may feel free to use this Index for their use. It is further hoped that the code reference number columns will assist those taking exams for certification.

These pages may be 3-hole punched, or if they'd likely be getting a lot of use, it is recommended that users insert these pages into plastic page-protector sheets for use.

Feel free to contact me, at the information below with comments, corrections, or questions.

Tim Blaisdell

Deputy Fire Marshal
Raleigh Fire Department
Fire Prevention Division
310 W. Martin St, #200
Office: 919/996-5953
Cell: 919/524-6075
Fax: 919/831-6180

e-Mail: Tim.Blaisdell@ci.raleigh.nc.us | Web: www.raleighnc.gov/fireprevention
