Linde Material Handling *Linde*

With annual sales exceeding 100,000 forklift trucks, Linde ranks among the world's leading manufactures. This position has been justly earned. Linde trucks excel not only with their recognized innovative technology but especially do to their low energy and operating costs.

High quality in production is matched by the standard of the services we provide. With our ten manufacturing plants and a comprehensive network of local partners, we are at your call around the clock and around the world.

Your local Linde dealer offers a complete single-source package including qualified pre-sales consulting, after-sales service and flexible finance options—whether leasing, renting or purchasing.
