We are currently working to open our tasting room later this summer, however in the mean time we will be accepting visits by appointment. Bending Branch is currently growing twelve very interesting varieties. Bending Branch's wine and viticulture program is focused around the Tannat grape. The Tannat grape is a black variety, bold in flavor, hardy in nature and a multi century hidden treasure, making it a perfect metaphor for the Texas Hill Country. We will also be offering several other wines in our two brand lines, Bending Branch and 1840 to be released this summer. Wines like a beautifully crisp and fruitful white variety, Picpoul blanc. For more information or to schedule a visit please contact Bob Young or John Rivenburgh either via e-mail or by phone.
