From the Business Meeting

We received two thank you notes from recent recipients of layettes.

We are now keeping track of the large snap setters. If you have one and return it or give it to someone else let Frances know.

For January, we gave out 39 bags (1334 items) and 28 burials. The large number of burials is because Gwinnett Medical Center and Northeast Georgia Medical Center did inventories and found they were low.

All the flannel has been pick up and is available in the warehouse. There are some new prints. Susan also picked up some batting since she got a special price on it.

Mignon is not able to take over as Secretary. Amy Wilson will do it soon.

We were short lap-front shirts for boys this month. We were able to make enough over the weekend, but will need more made for next month. We barely had enough quilts. We are also very low on sweaters.

Sue McReynolds has been ill and has been unable to get finished items from the Hartwell Workshop to us, but we think we can make arrangements in the next week or two.

We got a large donation of yarn and most of it is good for afghans and for sweaters. It is in unit 548.

We will give out two sets of bibs (4 bibs) this month because we have an excess of girl bibs.

We would like any holiday related items to be turned in the month before the holiday. For example, Christmas items should be turned in for the November pre-pack so they can get out before December. If they are turned in late or at other times, they will be kept in a separate bin.

Gwinnett Medical and Northside Hospitals are merging and we do not know if the merger will affect us.

Don't forget the Warehouse Work Days on January 18 and 21, 9:30 AM.
