

Dear Parent or Guardian,

Thank you for your interest in ***Dreamworks Children's Therapy Network***, a company proudly dedicated to providing superior Occupational Therapy services to children with special needs and their families!!

We at ***Dreamworks Children's Therapy Network*** believe it is important for every child to enjoy being kids, and to live their lives to the fullest. Every child should therefore take advantage of every moment, work toward their goals, and strive for their highest potential.

Some children however, coping with the effects of physical injury, illness or disease, sensory processing difficulties, and/or developmental delays or disabilities, have not yet been able to capture each moment, accomplish their goals, or reach their greatest potential. *We can help!!*

Through the use of creative problem solving, adaptive equipment, and purposeful, meaningful activities, our staff will help your child(ren) work toward their fullest potential, reach for their highest level of independence, and accomplish tasks which may have seemed impossible to them before.

Dreamworks Children's Therapy Network offers a variety of services to help our children with special needs reach their highest levels of potential and independence. These services include, but are not limited to: Occupational Therapy screenings and evaluations, motor planning, fine motor, and visual-motor skill development, social-skill and self-care training, sensory integration evaluations and treatment, and handwriting camps. In addition, through our affiliation with Dream Makers Youth Foundation, a non-profit organization that provides educational and recreational services to children with special needs, we offer free tennis lessons and a competitive basketball league for our special children. We are also certified providers of The Listening Program, and will be offering Applied Behavioral Analysis training and myofascial release in the near future.

We are excited about the possibilities!! If you think your child needs assistance in any of these areas, or would benefit from any of our services provided, ***Dreamworks Children's Therapy Network*** can help, and the referral process is easy! Just follow the instructions provided in the registration letter that follows, then contact us to set up your child's first appointment to discuss treatment options and recommendations.

We look forward to working with you, and your loved ones!!
Sincerely,

Nikki Wilson, OTR/L
