

SECURITY NEWSLINE

Official Newsletter For Customers And Pro-Partners of

May/June 2015 Edition

Selectronic Security Group 2429 Eastbrook Rd New Castle, PA 16105 888-695-7277 www.SelectronicSecurityGroup.com

The month of May contains two notable days of observation which were established to honor men and women who have sacrificed and fought to keep our great country free ...Memorial Day and Armed Forces Day. I'm sure you'll agree that we take so much for granted, especially our freedom and need to ponder where would we be without our brave service men and women both past and present?

We hope you enjoy this edition of **SECURITY NEWSLINE**. Thank you to our customers for your business and our ProPartners for your continued referrals.

THE LIGHTER SIDE...LOL

A Priest, Rabbi, and Preacher went fishing in a boat one summer day. Soon after anchoring the row boat about 100' off the shore line the Priest spoke up and said he forgot his lunch in the car so he stepped out of the boat and walked across the water back to the car, got his lunch and walked back across the water and got back in the boat. Shortly after the Rabbi announced that he forgot his coffee thermos so he promptly climbed out of the boat walked across the water to the shore and returned with coffee. The Preacher watched in astonishment and thought to himself, "I know I've got greater faith than these two" so he stepped out of the boat and immediately sank to the bottom of the lake. After watching the weary Preacher try this over and over the Priest looked at the Rabbi and said "We better show him where those rocks are before he drowns himself".

SUMMER TRAVEL SAFETY

74% of Americans taking a summer vacation plan to drive. According to the NHTSA, in 2011 alone, over **3,000** people were killed in distracted driving crashes. Here are some tips if you plan on taking that family vacation by car this year.

- Don't overload:** Spread out the load in your car so the weight is evenly distributed. Eliminate any shifting items. This will make the ride more stable.
- Keep a clear view:** When packing make sure to maintain a proper line of sight with your mirrors and windows.
- Know the route:** Familiarize yourself with the route before leaving. Relying solely upon GPS can lead to dangerous, last minute turns and lane changes.
- Secure your pets:** If traveling with furry family members, make sure to secure them appropriately and limit them to their access throughout the car.
- Take a break:** Take frequent breaks to help maintain focus and avoid fatigue.

Keep the phone hidden: No texting while driving...it's dangerous and banned in 30 states!
