

## THE KING'S OFFICE

LOVING SAVIOUR  
7 GLORY AVENUE  
HEAVEN'S PORTALS

Dear Family, Church & Country:

This is to inform you that you are ever before My Father and of utmost importance. It has been brought to His attention that many of you have become very slack concerning the jobs you were assigned by the Holy Spirit.

As you well know, your wages as well as any bonus you may be expecting are based on your willingness to do the very best job you can possibly do. You have been provided the very finest tools Our supply house holds in stock. No other people on the face of the earth have been so fortunate, yet no other people send so many complaints to Our attention.

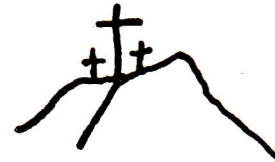

I feel it only fair to warn you this last time before My Father sends his final reprimand. If you are not willing to carry out your assignments in the manner My Father has instructed, your services will not longer be needed.

Please take serious steps to correct any failure on your part immediately. We have a deadline to meet and time is running out; We enjoy having you on our staff, but such behavior as We have observed recently will no longer be tolerated. Keep in mind that We stand ready to help you at any time with every single problem you may be facing.

We are very busy at this time putting the finishing touches on Our Banquet Hall. The final invitations are in the mail. You of all people don't want to be left out. So let US hear from you immediately. May this be your best annual report.

Until We meet Face to Face, We remain your Hope and your Salvation.

**THE LAMB THAT WAS SLAIN**
