- The preschool seeks to integrate a spiritual and Christian dimension in all areas of learning.
- Our teacher student ratios continue to be some of the lowest in our area which will give your child the personal learning style you desire.
- We continually update our curriculum based on Georgia standards. Our play-based curriculum is designed to incorporate these standards, while creating an age-appropriate environment in which children feel safe to learn and explore.
- Written evaluations are conducted mid-year for the 3-year-old, as well as the Pre-K and Young 5's classes. Kindergarten readiness will be reviewed with the Pre-K and Young 5's parents.

This program offers a safe and loving environment for infants 12 months to 18 months. Children are able to acclimate to the preschool setting and become accustomed to separating from parents. They become comfortable with our routine, new friends, and teachers. Children spend time on socialization skills and are introduced to a variety of stimulating activities focusing on fine and gross motor skills. Children will begin their first experiences in literacy facilitated with felt boards, puppets, and songs. Music is incorporated throughout the day. Crafts and Bible stories are introduced. Playground facilities are used daily to promote gross motor skill development through climbing, running, and playing. Specials include weekly Chapel, Music, and Storytelling.

**Student/Teacher Ratio 10:2**

**DOB between 9/1/16 & 3/1/17**

The children will begin the year by exploring their environment and getting acquainted. They begin to work on socialization skills such as sharing and cleaning up. This class will concentrate on one theme per month. Many activities such as art, music, finger plays, and story time will all revolve around the assigned theme. Older One's use our outdoor facilities including the playground, outdoor chapel area, and green space. Outdoor play encourages gross motor development, taking turns, and exploration of the natural world. Bible Stories and Music will be shared with this young group every week in the classroom. Specials include weekly Chapel, Music, and Storytelling. Older One's activities build on skills described above.
