

## **Kay Schaefer**

I'm a retired fifth grade teacher. I began studying Lewis and Clark while teaching American history. I found out from Dan and Mary Lee Sturdevant that there was a local chapter of the LCTHF and began attending events. I fell in love with the history during the Lewis and Clark Bicentennial Celebration from 2003 to 2006. I enjoyed interacting with the Corps of Discovery and took in as many local events as I could. I'm still a follower of the trail. I never tire of the story.
