Counting Stars

It's so important that we watch what images we allow in our minds. God told Abraham he was going to have a child, yet in the natural it seems impossible. Abraham thought he was too old, so God gave him a picture of it. God gave him something he could see, because he could not see beyond the natural.

God gave him another picture regarding his future. Your descendants will be as numerous as the stars in the sky, and the grains of the sand. God knew the importance of giving us a visual representation so we could form the right image. Why did God want Abraham to have the something visual? Keep the right image in mind today.

What kind of image do you have for yourself

1. What kind of image do you have for yourself and your family

2 what picture do you have in your mind about you begin to see yourself and your future the way God sees you.
