8. It is so important to come to the realization that God is in control of our lives, Esau Jacob's brother was the first born" he was entitled to the fathers birthright blessings, but he was not in good standing with God. God loved Jacob instead, and made him the father of a great nation, because he had the right attitude.

Having the right attitude will help us, in Genesis 6 God repented that He made human beings, a few verses later He sent Christ to die for us, because He loves us. But this idea that God must come to your rescue, He is entitled to do for me must stop. He is God, creator of the universe, the Almighty God Himself, so why do we give up in the faith when things are not going ourway?

Children Of God.

We are God's children, and if we will begin to see ourselves as children, we will become the beneficiary of grace, mercy and the Father's love...When we see ourselves as God's children, we know that He has our best interest, and He knows exactly what we need everyday.

The entitlement behaviour will get us nowhere in God, it will cost us our birthright....When you are faced with a situation know that the father will take care of it, and when you do not understand, trust His words....He doesn't have to do nothing, but He chooses to do for us , because we are His children.

Do not lose hope because He did not come through for you as yet...He is never late, He is always on time..He may not come when you want Him to, but He's always on time....

Favor will come

Joy will come

Happiness will come

Blessings will come

Situation will change

Do not give up

Keep trying

keep believing

keep standing

keep trusting God

Jacob's life was changed for the better & your life will change also...

Be bless, sincerely Archbishop Manning
