February Virtuous Students

Ruby Schiff (3rd), Jovian Moreno (1st) and Asher Wilson (3rd) were recognized as the February Virtuous students of the month at the assembly held on Monday, March 6th. Each of these student's fathers are Knights of Columbus members and were on hand, along with Grand Knight, John Songco, to present the certificate and rosary to their child.

Classroom News.....

Leader in Me Students

Synergize was the February habit of the month. Students who synergize get along with others and work well in groups. They value the strengths and opinions of others and realize that working as a team allows for more to be accomplished.

Students recognized for this award include:
 Duke Suhr (PK),
 Henry Preston (K),
 Rose Schiff (1st),
 Zaylie Adams (2nd),
 Holly Polk (3rd),
 Easton Becker (4th),
 Havynn Urdiales (5th).

Penny Carnival Prize Ceremony

Electric energy filled the room as the students gathered for the final Penny Carnival prize ceremony held on Wednesday, March 8th. 108 students sold 100 or more tickets and earned the right to choose a prize from the large selection provided by HSA. Five students sold over 1000 tickets and included: Havynn Urdiales (1534), Beckham Wilson (1300), Asher Wilson (1285), Grant Celli (1201) and Zaylie Adams (1005). A total of 35,373 raffle tickets were sold.

Way to go
 St. Agnes
 students!
 Job well done!

Cornhole Champions

The annual PE cornhole tournament was completed on Thursday, March 2nd with the following students finishing as champions in their respective grades: Beckham Wilson & Drew Becker (1st), Lewis Merrigan & Rhett Marshall (2nd), Asher Wilson & Carson Windhorst (3rd), Mila Miller & Harper Verbeck (4th) and Grant Celli & Adan Garcia (5th). All participants had an outstanding time and received a ribbon and certificate for their efforts. Thanks to Mike and Terri Calvert for the use of their cornhole boards.

What's Happening at St. Agnes School.....

Pre-K Class By Nicole Boness

February was dental hygiene month, so Pre-K spent a lot of time learning about teeth and how important it is to take care of them. We did some activities throughout class learning about brushing teeth, flossing, and what foods to eat. Mrs. Vath was also nice enough to take time out of her day to come teach the class about dental hygiene. She talked about how important it is to go to the dentist, what healthy foods are good for you and what sugary foods do to our teeth. She also did a fun activity where the kids got to be teeth and gums and some students got to be the doctors. They got to pretend to brush and floss the germs away. Then they ended with a fun snack. The students got to make toothbrushes out of pretzels and cheese.

We have been learning about colors of the rainbow and doing different activities to go along with it. The kids got to build their own rainbow out of their name. They also made a rainbow and pot of gold and hung them in the classroom. We even found a fun and engaging online rainbow game. The kids love popping the letters.

I can't believe we are already in our last quarter. I know these next couple of months are going to fly by! The next month we are going to be learning about families and pets. We will also be doing some fun spring activities since its just right around the corner. We are also working hard for our spring program and have been learning our graduation songs.

Fifth Grade Class By Lynsey Ayers

Hello everyone! I can not believe that we are already beginning the fourth quarter of this year. It has all gone by so quickly! These last couple of weeks have been so busy finishing up the last bit from the third quarter.

I am very proud of all of the fifth graders' hard work. In class, we have finished reading *The Giver*, and will be having a Giver Celebration. We will be dressing up as members of the community from the book, and watching the movie to write a comparison paper comparing the two medias.

In math, we have been working more with fractions by multiplying and dividing them, and will be soon focusing more on ratios and reciprocals.

We have been studying space and the solar system in science, and the American Revolution in social studies. I am very proud of the fifth graders because they have been working very hard on power point presentations showcasing a country of their choice and what they have learned about them. They have put so much effort into these power points! After we have presented these, we will be researching individual famous people throughout history and presenting them in various creative ways.

I cannot wait to see how much more my class will grow and learn during these last months of the school year!
