Church Security Planning Conference

September 16 - 17, 2016

Many churches have taken comfort in the thought that "it could never happen here." But headlines and a steadily-growing body of statistical evidence demonstrate that violence in faith-based organizations is not an if, but a when.

The Church Security Planning and Intruder Awareness training will equip your staff and key volunteers to create a personalized security plan that protects your congregation while maintaining a welcoming environment. You can choose from a 1- or 2-day option, but both days are recommended and the subjects interrelate.
