DETAILED COURSE DESCRIPTION: A new law established on July 1, 2022, allows private providers to conduct inspections typically performed by CHDs. This course will outline the history and legislation of SB 856, discuss either the new rule or draft rule for the program, and guide attendees through the Interim Guidance Tools developed by the DEP OSP. All attendees must participate in exercises to receive credit. Masters must pass exam to receive Master credit.

Instructor: Roxanne L. Groover 4(B)
