

FLORIDA ONSITE WASTEWATER ASSOCIATION, INC.

## **Understanding the Relationship Between Nitrogen & OSTDS**

(6.0 hours to CEHP's & Registered / Master Septic Tank Contractors)

### **Online Course**

Legislative Update (1.0 Credit Hr: M, R, C)

"Why are we having this discussion?" (1.0 Credit Hr: M, R, C)

"What are BMAPs, TMDLs, and NSILTS?" (1.0 Credit Hr: M, R, C)

"Health and Environmental Effects of Nitrogen" (1.0 Credit Hr: M, R, C)

"What is the OSTDS Remediation Plan" (1.0 Credit Hr: M, R, C)

"OSTDS Nitrogen Removal Strategies & Technologies" (1.0 Credit Hr: M, R, C)

**DETAILED COURSE DESCRIPTION:** This course is a follow up to the "hot button topic" of nitrogen and onsite wastewater treatment systems. With laws in effect that will require nitrogen reducing OSTDS, this course is developed to give contractors and regulators the necessary tools to better inform the user of the "Hows, Whys, and Whats" of the requirements. All students will be required to take an exam but Master Septic Tank Contractors will be required to pass test with a score of 70% or higher.

**Instructor:** Roxanne Groover 4(B)

**IMPORTANT!!** Sign up ahead of time – classes may be cancelled if we do not receive enough registrations. Walk-ins are welcome, but please contact FOWA office prior to traveling to ensure class is still being held on same day/location.
