Child Safety Policy

The following policies reflect our commitment to provide protective care of all children, youth and volunteers who participate in church sponsored activities.

1. Persons who have ever been convicted of or pled guilty to physical and/or sexual abuse of children will not be allowed to work with children, youth, or adults with mental/emotional disabilities.
2. Persons who have been convicted of or pled guilty to any other serious crimes against persons will not be allowed to work with children, youth, or adults with mental/emotional disabilities.
3. Adult survivors of childhood sexual or physical abuse need the love and acceptance of the family of First Baptist Church. Individuals who have such a history are encouraged to discuss their desire to work with children, youth or adults with disabilities with one of the pastoral staff prior to engaging in service.
4. Someone must attend our worship service and an Adult Bible Fellowship or Small Group for a minimum of six months before working with children, youth or adults with disabilities. In some cases, this will be waived based on a person's ability to provide positive character references from other organizations, from our ministry leaders, and a person's prior history working with children in a previous faith community.
5. Two unrelated adult (age 18 or older with one at least 21 years of age) workers should be present at all times during any activity involving children or youth, even if only one child or youth is present. This rule reduces the risk of abuse and also reduces the risk of false accusations. If a situation occurs where there is only one adult present, you should be in an open environment where others have visibility to the group.
7. Adult volunteers should immediately report any behaviors which seem abusive or inappropriate to their supervisor.
