

Giving Back

Marcella Egger Palmer High

“Throughout my academic career, I have made it a point to work hard, remain an active member of my student body and proudly devote myself to all aspects of my education and community. As a school counselor it would be my own dream fulfilled to assist others in their goals & aspirations during one of the most pivotal periods of their life.”

\$1,500 scholarship

Join us in making a difference in our community. Make Your Home a Giving Home!

We are giving our buyers and sellers an opportunity to give to the charity of their choice. At closing, The Kristan Cole Team will make a donation (*in our client's name*) to the local non-profit charity of their choice. You don't have to be Bill Gates to be a philanthropist. Each donation makes a difference in our community. Join us and be a giver.

2007 Follow Your Dreams SCHOLARSHIP WINNERS

Remember all the times your teacher told you to quit daydreaming? Your day has finally arrived.

The Kristan Cole Team was looking for dreamers. Big dreamers. And that is exactly what we found in our Mat-Su High School Seniors. We know that the future of our community depends on our young people. We rewarded three of these dreamers that showed passion for teamwork, heart and a vision to follow their own dreams for the future with \$1,500, \$1,000 and \$500 scholarships. When you see the young leaders listed below around your neighborhood, congratulate them on the leadership and teamwork skills they possess... that is, if they haven't already headed out into the real world to share their enthusiasm.

Every year The Kristan Cole Team awards the *The Kristan Cole, Follow Your Dreams Scholarship* to Mat-Su High School Seniors. To apply for next year's scholarship, visit your high school counselor in the Spring of 2008 or call us directly for more information.

Michael Maestas Wasilla High

“What I have learned is the more I know, the more I don't know. My greatest desire is to obtain more education and expand my experiences. My dream is to become an innovative engineer making a difference and to be a part of Alaska's growth and development.”

\$1,000 scholarship

Mary Morgan Scoresby Palmer High

“I believe I have the ability to be a good nurse because I have people-skills, a strong work ethic, a broad academic base and lots of energy and determination. As a side line, we Scoresby kids laugh at all the practical, hands-on doctoring skills we've learned over the years on the family farm...”

\$500 scholarship
