PERMISSION TO ESTABLISH A VOCATIONAL INSTITUTE AT ASESEWA IN THE MANYA KROBO DISTRICT

We refer to your letter on the above subject matter, please.

Your request has been critically analysed and the Assembly has come to the conclusion that the establishment of the vocational institute would provide opportunity to a significant number of students who stream out of the Junior Secondary School level particularly in the Upper part of Manya Krobo District.

Asesewa is one of the biggest towns in the district endowed with enviable resources, infrastructure social services and an increasing population that supports development endeavours. The establishment of the school would be of immense benefit to students and the unemployed youth. We therefore have no objection to the intended project.

Please feel free to contact the Assembly on any knotty issue that may arise in the course of the execution of the project.
