When your hunting buddy is gone...

THE DEPARTING SHOT
A FINAL SALUTE TO OUR DOGS

You want to give him a fitting good-bye.

Together, you shared many hours, beautiful sunrises and sunsets and a lot of great stories with your dog. And, losing him/her is hard.

When our dear friend, Terry Huff, lost Danny Boy, he struggled to find a fitting final salute for his beloved dog. That's how The Departing Shot was born. All of us here at The Departing Shot knew that someday, when the time came, we would want to return our hunting dogs to the fields they loved. And, we wanted a memento to keep at home to remind us of the trails we traveled together.

Today, The Departing Shot packages dog ashes in shotgun shells so that you can conduct your own Memorial Salute in honor of your dog. We also provide shell boxes and shotgun shell-shaped urns so you may keep the remainder of the ashes as a memorial to your friend of the field.

"A dog is the only thing on earth that loves you more than he loves himself."

Our Products And Services

Losing a beloved dog is tough.. So, we work hard to make the memorial process as easy for you as we can. Here's what you need to know. The Departing Shot offers a variety of products to honor the memory of your dog. These products fall into two types: **Memorial Salutes** that help you scatter your dog's ashes across the fields you traveled together, and **Commemorative Products** that leave you with a wonderful reminder of your hunting buddy.

The logistics of packaging your dog's ashes in the shells may sound a bit intimidating. Not to worry, though. You only need to choose the products you want and tell us the name of your veterinarian or crematorium, and we will handle all the details. For more information about the process, visit us at: www.thedepartingshot.com/howitworks.aspx or call us at 1-888-715-5175.

Memorial Salutes

For Memorial Salutes, we package a small portion of your dog's ashes in field-ready shells; you can then shoot these shells across the fields you and your dog traveled together.

Field-Ready Shells for Scattering Remains

These field-ready shells, packed with your dog's ashes, allow you to conduct a four to twenty-one gun salute to your dog. Choose shells in 16, 20 or 12 gauge, 2 3/4" length.

Brass shells are 12 gauge, 2 3/4" length. A hardwood box with an engraved brass plaque is included on all 4, 7 & 21 Commemorative Shell orders.
